Special days such as National Ferret Day (Apr 2), World Lindy Hop Day (May 26), Extra Mile Day (Nov 1), Lost and Found Day (Dec 12) and more. Search Chase's Any Way You Want! Whether you want to target a specifi c date, location or subject, our fully searchable CD-ROM (PCand MAC-compatible) makes your research quick and easy. Also included is a free installer, so you can load Chase's directly to your hard drive.

Education at a Glance 1997-01-01 The OECD education indicators enable countries to see themselves in light of other countries performance. They reflect on both the human and financial resources invested in education and on the returns of these investments.

World Migration Report 2020 United Nations 2019-11-27 Since 2000, IOM has been producing world migration reports. The World Migration Report 2020, the tenth in the world migration report series, has been produced to contribute to increased understanding of migration throughout the world. This new edition presents key data and information on migration as well as thematic chapters on highly topical migration issues, and is structured to focus on two key contributions for readers: Part I: key information on migration and migrants (including migration-related statistics); and Part II: balanced, evidence-based analysis of complex and emerging migration issues.

The Cambridge Illustrated History of Warfare Geoffrey Parker 2021-07-15 The new edition of The Cambridge Illustrated History of Warfare offers an updated comprehensive account of Western warfare, from its origins in Classical Greece and Rome, through the Middle Ages and the early modern period, down to the wars of the twenty-first century in Afghanistan, Iraq, and Syria.

Government Finance Statistics Manual Sage De Clerck 2015-03-10 The Government Finance Statistics Manual 2014 (GFSM 2014)—describes a specialized macroeconomic statistical framework—the government finance statistics (GFS) framework—designed to support fiscal analysis. The manual provides the economic and statistical reporting principles to be used in compiling the statistics; describes guidelines for presenting fiscal statistics within an analytic framework that includes appropriate balancing items; and is harmonized with other macroeconomic statistical guidelines.

Near Abroad Gerard Toal 2016-12-16 Before Russia invaded Ukraine, it invaded Georgia. Both states are part of Russia's "near abroad" - newly independent states that were once part of the Soviet Union and are now Russia's neighbors. While the Russia-Georgia war of 2008 faded from the headlines in the wake of the global recession, the geopolitical contest that created it did not. Six years later, the spectre of a revanchist Russia returned when Putin's forces invaded and annexed the Crimean peninsula, once part of Russia but an internationally recognized part of Ukraine since the Soviet collapse. Crimea's annexation and follow on conflict in eastern Ukraine have generated the greatest geopolitical crisis on the European continent since the end of the Cold War. In Near Abroad, the eminent political geographer Gerard Toal moves beyond the polemical rhetoric that surrounds Russia's interventions in Georgia and Ukraine to study the underlying territorial conflicts and geopolitical struggles. Central to understanding are legacies of the Soviet Union collapse: unresolved territorial issues, weak states and a conflicted geopolitical culture in Russia over the new territorial order. The West's desire to expand NATO contributed to a growing geopolitical contest in Russia's near abroad. This found expression in a 2008 NATO proclamation that Georgia and Ukraine will become members of NATO, a "red line" issue for Russia. The road to invasion and war in Georgia and Ukraine, thereafter, is explained in Near Abroad. Geopolitics is often thought of as a game of chess. Near Abroad provides an account of real life geopolitics, one that emphasizes changing spatial relationships, geopolitical cultures and the power of media images. Rather than being a cold game of deliberation, geopolitics is often driven by emotions and ambitions, by desires for freedom and greatness, by clashing personalities and reckless acts. Not only a penetrating analysis of Russia's relationships with its regional neighbors, Near Abroad also offers an analysis of how US geopolitical culture frequently fails to fully understand Russia and the geopolitical archipelago of dependencies in its near abroad.

Becoming AFI Jean Picker Firstenberg 2017-10-10 For over fifty years, the American Film Institute has flourished as one of America's great cultural entities. Its graduates, faculty, supporters, and trustees have included such acclaimed individuals as Steven Spielberg, Maya Angelou, Gregory Peck, Meryl Streep, Les Moonves, Patty Jenkins, David Lynch, Jane Fonda, Edward James Olmos, Shonda Rhimes, James L. Brooks, Michael Nesmith, Sir Howard Stringer, and many other respected leaders in the worlds of film, television, digital media, and philanthropy. Written in a unique memoir style, Becoming AFI: 50 Years Inside the American Film Institute offers a candid look at how this remarkable organization has brought together aspiring filmmakers, outstanding educators, and visionary artists. The book details AFI's journey to becoming the foremost national champion for moving images as a vibrant art form and a critical component of America's cultural history. AFI's story is chronicled through in-depth essays written by those who have been involved in its adventures, growth, and successes: from its early years under George Stevens Jr.'s direction at the legendary Greystone mansion and the Kennedy Center in Washington, DC; through its period of incredible growth, under Jean Picker Firstenberg's guidance, as an influential cultural institution at its landmark Hollywood campus; to its continued years of excellence under Bob Gazzale's dynamic leadership. Becoming AFI provides an insightful, behind-the-scenes look at how AFI—with passionate determination—overcame the hurdles of advancing technology, political shifts, and new audience dynamics to turn its aspirations into a substantial and highly successful organization. A tireless advocate of moving images as one of America's most popular art forms, AFI is maturing into one of the world's most respected educational and cultural institutions.

Chase's Calendar of Events 2017 Editors of Chase's 2016-09-23 Find out what's going on any day of the year, anywhere across the globe! The world's datebook, Chase's is the definitive day-by-day resource of what America and the wider world are celebrating and commemorating. Founded in 1957 on a reputation for accuracy and comprehensiveness,

this annual publication has become the must-have reference used by experts and professionals for more than fifty years. From celebrity birthdays to historical anniversaries, from astronomical phenomena to national awareness days, from award ceremonies and sporting events to religious festivals and carnivals, Chase's is the one-stop shop for everything that is happening now or is worth remembering from the past. The 2017 Edition of Chase's Calendar of Events brings you information about: The 500th anniversary of Martin Luther's Ninety-Five Theses The 150th anniversary of the Dominion of Canada The 100th anniversary of the Russian Revolution The 100th anniversary of splitting the atom The 50th anniversary of the Summer of Love Frank Lloyd Wright's 150th birth anniversary and much more!

Government Finance Statistics Manual 2001 International Monetary Fund 2001-12-19 This Manual, which updates the first edition published in 1986, is a major advance in the standards for compilation and presentation of fiscal statistics. It is intended as a reference volume for compilers of government finance statistics, fiscal analysts, and other users of fiscal data. The Manual introduces accrual accounting, balance sheets, and complete coverage of government economic and financial activities. It covers concepts, definitions, classifications, and accounting rules, and provides a comprehensive framework for analysis, planning, and policy determination. To the extent possible, the Manual has been harmonized with the System of National Accounts 1993.

Foreign Transactions of the U.S. Government 1950

Le Football Russ Crawford 2016-08 There are two kinds of football in France. American football was first played in France in 1909 during the cruise of the Great White Fleet. Then, during World War I, the American military shipped footballs, helmets, and shoulder pads alongside rifles and ammunition to the western front. A 1938 tour of two teams lead by Jim Crowley of Fordham University maintained the game until World War II, when the arrival of millions of young Americans in France motivated the U.S. military to sponsor several bowl games. During the 1950s and 1960s, when the United States occupied bases in France during the Cold War, American soldiers, sailors, and airmen played more than a thousand football games. When France withdrew from NATO, however, American bases were forced to close, leaving American football without a natural home on Gallic shores. In the 1970s American college and semi-pro teams tried once more to generate interest in the game among French nationals through a series of tours, but until a French physical education instructor vacationed in Colorado and brought equipment back to France, there was little local enthusiasm for the sport. On the back of that vacation, and from one team in Paris, organized American football in France grew to more than 215 teams with more than 22,000 active players today. Le Football tackles the struggles and successes of American football in France and discusses how, unlike baseball and basketball, football has never been an overt instrument of American cultural influence. Russ Crawford keeps the chains moving as he shows how the modern, homegrown sport developed largely independent of American encouragement into a small but successful culture.

Understanding National Accounts Second Edition Lequiller François 2014-10-20 This is an update of OECD 2006 "Understanding National Accounts". It contains new data, new chapters and is adapted to the new systems of national accounts, SNA 2008 and ESA 2010.

The American War in Vietnam John Marciano 2016-08-01 On May 25, 2012, President Obama announced that the United States would spend the next thirteen years – through November 11, 2025 – commemorating the 50th Anniversary of the Vietnam War, and the American soldiers, “more than 58,000 patriots,” who died in Vietnam. The fact that at least 2.1 million Vietnamese – soldiers, parents, grandparents, children – also died in that war will be largely unknown and entirely uncommemorated. And U.S. history barely stops to record the millions of Vietnamese who lived on after being displaced, tortured, maimed, raped, or born with birth defects, the result of devastating chemicals wreaked on the land by the U.S. military. The reason for this appalling disconnect of consciousness lies in an unremitting public relations campaign waged by top American politicians, military leaders, business people, and scholars who have spent the last sixty years justifying the U.S. presence in Vietnam. It is a campaign of patriotic conceit superbly chronicled by John Marciano in The American War in Vietnam: Crime or Commemoration?. A devastating follow-up to Marciano’s 1979 classic Teaching the Vietnam War (written with William L. Griffen), Marciano’s book seeks not to commemorate the Vietnam War, but to stop the ongoing U.S. war on actual history. Marciano reveals the grandiose flag-waving that stems from the “Noble Cause principle,” the notion that America is “chosen by God” to bring democracy to the world. Marciano writes of the Noble Cause being invoked unsparingly by presidents – from Jimmy Carter, in his observation that, regarding Vietnam, “the destruction was mutual,” to Barack Obama, who continues the flow of romantic media propaganda: “The United States of America ... will remain the greatest force for freedom the world has ever known.” The result is critical writing and teaching at its best. This book will find a home in classrooms where teachers seek to do more than repeat the trite glorifications of U.S. empire. It will provide students everywhere with insights that can prepare them to change the world.

Water Policy and Planning in a Variable and Changing Climate Kathleen A. Miller 2017-12-19 Water Policy and Planning in a Variable and Changing Climate addresses the current challenges facing western water planners and policy makers in the United States and considers strategies for managing water resources and related risks in the future. Written by highly-regarded experts in the industry, the book offers a wealth of experience, and explains the physical, socioeconomic, and institutional context for western water resource management. The authors discuss the complexities of water policy, describe the framework for water policy and planning, and identify many of the issues surrounding the subject. A provocative examination of policy issues surrounding western water resources, this book: Considers the implications of natural climate variability and anthropogenic climate change for the region's water resources, and explains limitations on the predictability of local-scale changes Stresses linkages between climate patterns and weather events, and related hydrologic impacts Describes the environmental consequences of historical water system development and the challenges that climate change poses for protection of aquatic ecosystems Examines coordination of drought management by local, state and national government agencies Includes insights on planning for climate change adaptation from case studies across the western United States Discusses the challenges and opportunities in water/energy/land system management, and its prospects for developing climate change response strategies Presents evidence of changes in water scarcity and flooding potential in the region and identifies a set of adaptation strategies to support the long-term sustainability of irrigated agriculture and urban communities Draws upon Colorado's experience in defining rights for surface and tributary groundwater use to explain potential conflicts and challenges in establishing fair and effective coordination of water rights for these resources Assesses the role of policy in driving flood losses Explores policy approaches for achieving equitable and environmentally responsible planning outcomes despite multiple sources of uncertainty Water Policy and Planning in a Variable and Changing Climate describes patterns of water availability, existing policy problems and the potential impacts of climate change in the western United States, and functions as a practical reference for the student or professional invested in water policy and management.

Conflict with Russia Dr. Alexander Nemets 2015-06-10 What's the Book about? - Primarily, it is about the developing conflict between Russia, on one hand, and America and entire West on other hand. - The war in Eastern Ukraine is described, in this Book, in a detailed way, particularly, the summer of 2014 and January-February of 2015. More than one chapter of the Book is devoted to the essence of Putin regime and the explanation of its antagonism with America. - One chapter of the Book is devoted to the murder of Boris Nemtsov and major criminals behind the scene. - Stagnation and decline of the Russian social-economic system and suffering of its people, especially in 2014-2015, is addressed as well. (The conclusions are based on multiple facts and figures). - This is accompanied by rapid rise of Russia's military expenditures and the upgrading of its military capabilities. Between 2013 and 2015 Russian real military budget may increase 2.5 times! - The role of China (generally, a neutral one) in this Conflict is described as well. The author is literate in Mandarin, expert in China's Real economic potential, China-Russia ties and China's economic expansion in Central Asia. One of the chapters is devoted to swift rise of China-Israel relations in all areas. Israel may well become an ideal mediator between America and China!

Maternity and Paternity at Work Laura Addati 2014-05-13 This report provides a picture of where we stand and what we have learned so far about maternity and paternity rights across the world. It offers a rich international comparative analysis of law and practice relating to maternity protection at work in 185 countries and territories, comprising leave, cash benefits, employment protection and non-discrimination, health protection, breastfeeding arrangements at work and childcare. Expanding on previous editions, it is based on an extensive set of new legal and statistical indicators, including coverage in law and in practice of paid maternity leave as well as statutory provision of paternity and parental leave and their evolution over the last 20 years. The report also takes account of the recent economic crisis and austerity measures. It shows how well national laws and practice conform to the ILO Maternity Protection Convention, 2000 (No. 183), its accompanying Recommendation (No. 191) and the Workers with Family Responsibilities Convention, 1981 (No. 156), and offers guidance on policy design and implementation. This report shows that a majority of countries have established legislation to protect and support maternity and paternity at work, even if those provisions do not always meet the ILO standards. One of the persistent challenges is the effective implementation of legislation, to ensure that all workers are able to benefit from these essential labour rights.
