and formatted to boost readability  
for all e-readers and devices. Our  
goal is to produce eBooks that are  
user-friendly and accessible to  
everyone in a high-quality digital  
format.

*Feathers in Reverse* Azonga, Tikum  
Mbah 2014-04-03 *Feathers in Reverse*  
is the ideal gift for a loved one who  
is scared of poetry. It engages and  
immerses readers with the luring  
subtlety of a serpent. Themes treated  
include good and evil, heaven and  
earth, man and woman, birth and

death, urbanism and rural life,  
wealth and poverty. As much as the  
poet highlights salient issues and  
conflicts in everyday life, he  
suggests answers to burning problems  
as well. A common thread runs through  
the over 300 poems feathered and  
featured in this collection. The  
notion of the 'feather' is cross-  
cultural. It reminds us of the  
feather used as a pen in ancient  
Europe and the 'red feather' that is  
stuck on the caps of African notables  
as a mark of distinction. Feathers in  
Reverse is a magic pudding to be  
sampled, shared and indulged.

adventure, of course! Meet Charlie, an eight-year-old boy with a flare for using his imagination. Join him as he turns his snow day into a day filled with fun, excitement, and fantasy. Travel with Charlie to the Wild West, the Amazon jungle, and into outer space. Ride along for the thrills as he becomes a race car driver, a pirate, a cowboy, and even a superhero! With a little creativity (and a basement full of junk), there is no limit to where your imagination can take you!

The Zona Nathan L. Yocum 2012-02 It started with the Storms. The world got too hot too fast. The weather wrecked Hell on man's shiny, pretty civilization. With the heat and wet came bugs, with bugs came new diseases, and man's numbers and sanity dwindled. The survivors reformed governments like petty

shadows of the world's old empires. They sought answers and justifications, they sought redemption for what they perceived as man's holy smiting. Welcome to the Arizona Reformed Theocracy, otherwise called The Zona. Here the Church rules with power absolute. The laws are simple, all sin is punished swiftly. Preachers enforce the Church's words like old West lawmen. But what happens when a Preacher refuses to kill? What happens when men of honor take a stand against their rulers?

Social Forms/Human Capacities (RLE Social Theory) Philip Corrigan  
2020-07-26 This is an exhilarating book, written by one of sociology's most imaginative theorists and critics. Professor Corrigan proceeds by turning old answers into new questions. He draws on a rich tradition of thought from sociology, philosophy, structuralism, post-structuralism, and literary criticism to explore major ongoing problems in everyday life: moral regulation, schooling, the capitalist world economy, intellectuals, and the problem of difference, masculinity. The result is one of the most dazzling contributions to critical sociology published in recent years.

Molecular and Cellular Effects of Nutrition on Disease Processes Grant N. Pierce 2013-04-17 This volume contains the proceedings of the 2nd World Conference of the International Society for Molecular Nutrition & Therapy. This conference was held on August 2-4, 1997, in Winnipeg, Canada. The goal of the conference was to advance our knowledge concerning the molecular events which link nutrition to various disease processes in the body. This volume represents an important compilation of unique articles addressing the molecular and cellular basis for the nutritional and therapeutic treatment of five general disease processes. *ENR*. 2001

Midnight Rising Tony Horwitz  
2011-10-25 A New York Times Notable  
Book for 2011 A Library Journal Top  
Ten Best Books of 2011 A Boston Globe  
Best Nonfiction Book of 2011  
Bestselling author Tony Horwitz tells  
the electrifying tale of the daring  
insurrection that put America on the  
path to bloody war Plotted in secret,  
launched in the dark, John Brown's  
raid on Harpers Ferry was a pivotal  
moment in U.S. history. But few  
Americans know the true story of the  
men and women who launched a  
desperate strike at the slaveholding  
South. Now, *Midnight Rising* portrays  
Brown's uprising in vivid color,  
revealing a country on the brink of  
explosive conflict. Brown, the  
descendant of New England Puritans,  
saw slavery as a sin against  
America's founding principles. Unlike  
most abolitionists, he was willing to

take up arms, and in 1859 he prepared for battle at a hideout in Maryland, joined by his teenage daughter, three of his sons, and a guerrilla band that included former slaves and a dashing spy. On October 17, the raiders seized Harpers Ferry, stunning the nation and prompting a counterattack led by Robert E. Lee. After Brown's capture, his defiant eloquence galvanized the North and appalled the South, which considered Brown a terrorist. The raid also helped elect Abraham Lincoln, who later began to fulfill Brown's dream with the Emancipation Proclamation, a measure he called "a John Brown raid, on a gigantic scale." Tony Horwitz's riveting book travels antebellum America to deliver both a taut historical drama and a telling portrait of a nation divided—a time that still resonates in ours.

*52 Prepper Projects* David Nash  
2013-11-01 Are you and your family self-reliant? Will you be able to

provide for them and keep them safe? The best way to prepare for the future is not through fancy tools and gadgets—it's experience and knowledge that will best equip you to handle the unexpected. Everyone begins somewhere, especially with disaster preparedness. In *52 Prepper's Projects*, you'll find a project for every week of the year, designed to start you off with the foundations of disaster preparedness and taking you through a variety of projects that will increase your knowledge in self-reliance and help you acquire the actual know-how to prepare for anything. Self-reliance isn't about building a bunker and waiting for the end of the world. It's about understanding the necessities in life and gaining the knowledge and skill sets that will make you better prepared for whatever life throws your way. *52 Prepper's Projects* is the ultimate instructional guide to preparedness, and a must-have book

for those with their eye on the future.

**Bound for the Promised Land** Kate Clifford Larson 2009-02-19 The

essential, "richly researched"\* biography of Harriet Tubman, revealing a complex woman who "led a remarkable life, one that her race, her sex, and her origins make all the more extraordinary" (\*The New York Times Book Review). Harriet Tubman is one of the giants of American history—a fearless visionary who led scores of her fellow slaves to freedom and battled courageously behind enemy lines during the Civil War. Now, in this magnificent biography, historian Kate Clifford Larson gives us a powerful, intimate, meticulously detailed portrait of Tubman and her times. Drawing from a trove of new documents and sources as well as extensive genealogical data, Larson presents Harriet Tubman as a complete human being—brilliant, shrewd, deeply religious, and passionate in her pursuit of freedom. A true American hero, Tubman was also a woman who loved, suffered, and sacrificed. Praise for Bound for the

Promised Land "[Bound for the Promised Land] appropriately reads like fiction, for Tubman's exploits required such intelligence, physical stamina and pure fearlessness that only a very few would have even contemplated the feats that she actually undertook. . . . Larson captures Tubman's determination and seeming imperviousness to pain and suffering, coupled with an extraordinary selflessness and caring for others."—The Seattle Times "Essential for those interested in Tubman and her causes . . . Larson does an especially thorough job of . . . uncovering relevant documents, some of them long hidden by history and neglect."—The Plain Dealer "Larson has captured Harriet Tubman's clandestine nature . . . reading Ms. Larson made me wonder if Tubman is not, in fact, the greatest spy this country has ever produced."—The New York Sun

PC Hardware: A Beginner's Guide Ron

Gilster 2001-05-17 Ideal for PC owners looking for an accessible, easy-to-follow reference, this beginner's guide to PC hardware offers expert advice on every component--processors, motherboards, memory, BIOS, CD-ROM and DVD drives, video cards, and much more. You'll also get details on external devices, including monitors, printers, keyboards, and modems. The book covers both Intel and non-Intel CPUs and USB and AGP ports.
