Children of the Night Randy Loren  
Rasmussen 1998 There are six of them:

heroines, heroes, wise elders, mad  
scientists, servants and monsters.  
One of the most fascinating and also

endearing aspects of horror films is how they use these six clearly defined character types to portray good and evil. This was particularly true of the classics of the genre, where actors often appeared in the same type of role in many different films. The development of the archetypal characters reflected the way the genre reacted to social changes of the time. As the Great Depression yielded to the uncertainty of World War II, flawed but noble mad scientists such as Henry Frankenstein gave way to Dr. Nieman (The Ghost of Frankenstein) with his dreams of revenge and world conquest. This work details the development of the six archetypes in horror films and how they were portrayed in the many classics of the 1930s and 1940s.

**Gaslight Melodrama** Guy Barefoot  
2016-10-06 In 1945, a year when American crime films were apparently moving out on to the streets of contemporary Los Angeles and New York, one reviewer noted the emergence of a 'cycle of mystery and horror pictures placed in the gaslight era of the turn of the century.' For another critic, it seemed that for Hollywood there was 'no world of today save the world of London by gaslight'. In *Gaslight Melodrama*, Guy Barefoot examines the films that gave rise to such comments, and the pattern of discourse that gave rise to such films. The book's main focus is provided by 1940s Hollywood melodramas such as *Gaslight*, *Dr. Jekyll* and *Mr. Hyde and Hangover*

Square. It also discusses a related cycle of British films that located murder and melodrama in Victorian or Edwardian settings, and then looks beyond cinema to the Gothic novels of the 18th century, 19th century discussions of gas lighting in street, home and theatre, and ambivalent 20th century responses to the Victorian era. Combining close analysis of particular film texts with attention to cinema's cultural context, *Gaslight Melodrama* provides an exploration of the ways in which the past has been the site of contested meaning, and an examination of the network of melodramatic narratives embedded within familiar and lesser-known examples of classical Hollywood cinema.

**Dr. Jekyll and Mr. Hyde (1941)** John Lee Mahin 2004

*Hideous Progeny* Angela Smith  
2012-01-24 Twisted bodies, deformed faces, aberrant behavior, and abnormal desires characterized the hideous creatures of classic Hollywood horror, which thrilled audiences with their sheer grotesqueness. Most critics have interpreted these traits as symptoms of sexual repression or as metaphors for other kinds of marginalized identities, yet Angela M. Smith conducts a richer investigation into the period's social and cultural preoccupations. She finds instead a fascination with eugenics and physical and cognitive debility in the narrative and spectacle of classic 1930s horror, heightened by the viewer's desire for visions of vulnerability and transformation. Reading such films as *Dracula* (1931),

Frankenstein (1931), Dr. Jekyll and Mr. Hyde (1931), Freaks (1932), and Mad Love (1935) against early-twentieth-century disability discourse and propaganda on racial and biological purity, Smith showcases classic horror's dependence on the narratives of eugenics and physiognomics. She also notes the genre's conflicted and often contradictory visualizations. Smith ultimately locates an indictment of biological determinism in filmmakers' visceral treatments, which take the impossibility of racial improvement and bodily perfection to sensationalistic heights. Playing up the artifice and conventions of disabled monsters, filmmakers exploited the fears and yearnings of their audience, accentuating both the perversity of the medical and

scientific gaze and the debilitating experience of watching horror. Classic horror films therefore encourage empathy with the disabled monster, offering captive viewers an unsettling encounter with their own impairment. Smith's work profoundly advances cinema and disability studies, in addition to general histories concerning the construction of social and political attitudes toward the Other.

**Spencer Tracy** James Curtis 2011-10-18  
A rich, vibrant portrait—the most intimate and telling yet of this complex man considered by many to be the actor's actor. Spencer Tracy's image on-screen was that of a self-reliant man whose sense of rectitude toward others was matched by his sense of humor toward himself. Whether he was Father Flanagan of

Boys Town, Clarence Darrow of *Inherit the Wind*, or the crippled war veteran in *Bad Day at Black Rock*, Tracy was forever seen as a pillar of strength. His full name was Spencer Bonaventure Tracy. He was called "The Gray Fox" by Frank Sinatra; other actors called him the "The Pope." "The best goddamned actor I've ever seen!"—George M. Cohan In his several comedy roles opposite Katharine Hepburn (*Woman of the Year* and *Adam's Rib* among them) or in *Father of the Bride* with Elizabeth Taylor, Tracy was the sort of regular American guy one could depend on. Now James Curtis, acclaimed biographer of Preston Sturges ("Definitive" —*Variety*), James Whale, and W. C. Fields ("By far the fullest, fairest, and most touching account . . . we have yet had. Or are likely to have"

—Richard Schickel, *The New York Times Book Review*, cover review), gives us the life of one of the most revered screen actors of his generation. Curtis writes of Tracy's distinguished career, his deep Catholicism, his devoted relationship to his wife, his drinking that got him into so much trouble, and his twenty-six-year-long bond with his partner on-screen and off, Katharine Hepburn. Drawing on Tracy's personal papers and writing with the full cooperation of Tracy's daughter, Curtis tells the rich story of the brilliant but haunted man at the heart of the legend. We see him from his boyhood in Milwaukee; given over to Dominican nuns ("They drill that religion in you"); his years struggling in regional shows and stock (Tracy had a photographic

memory and an instinct for inhabiting a character from within); acting opposite his future wife, Louise Treadwell; marrying and having two children, their son, John, born deaf. We see Tracy's success on Broadway, his turning out mostly forgettable programmers with the Fox Film Corporation, and going to Metro-Goldwyn-Mayer and getting the kinds of roles that had eluded him in the past—a streetwise priest opposite Clark Gable in San Francisco; a screwball comedy, *Libeled Lady*; Kipling's classic of the sea, *Captains Courageous*. Three years after arriving at MGM, Tracy became America's top male star. We see how Tracy embarked on a series of affairs with his costars . . . making *Northwest Passage* and *Dr. Jekyll and Mr. Hyde*, which brought Ingrid

Bergman into his life. By the time the unhappy shoot was over, Tracy, looking to do a comedy, made *Woman of the Year*. Its unlikely costar: Katharine Hepburn. We see Hepburn making Tracy her life's project—protecting and sustaining him in the difficult job of being a top-tier movie star. And we see Tracy's wife, Louise, devoting herself to studying how deaf children could be taught to communicate orally with the hearing and speaking world. Curtis writes that Tracy was ready to retire when producer-director Stanley Kramer recruited him for *Inherit the Wind*—a collaboration that led to *Judgment at Nuremberg*, *It's a Mad Mad Mad Mad World*, and Tracy's final picture, *Guess Who's Coming to Dinner* . . . A rich, vibrant portrait—the most intimate and telling yet of this

complex man considered by many to be the actor's actor.

Peek behind the scenes, revel in on-the-set anecdotes and get a look at the script notes illuminating characters like *WereWolf of London*,

Horror and Mystery Photoplay Editions and Magazine Fictionizations Thomas Mann 2004-02-27 Photoplay editions were usually hardcover reprints of

novels that had been made into movies, illustrated with photographs from the film productions. Sometimes they were "fictionized" versions of film scripts, recast in narrative form. Here is an annotated checklist of over 500 horror and mystery photoplay novels and magazine fictionizations, collected over a period of four decades. In an introductory essay the author reflects on the attractions of assembling such a collection, analyzes the social significance and aesthetic content of its books, and draws many surprising inferences from their advertisement, illustrations, and marks of previous ownership. The subsequent catalog is the first survey in the field to extend bibliographical coverage beyond books to movie tie-in magazine stories.

**Sherlock Holmes & the Fabulous Faces - The Universal Pictures Repertory Company** Michael A. Hoey 2011-08-31 Film historian Leonard Maltin has defined the character actors who appeared in films of the 30s and 40s as "Hollywood's Real Stars." Roy

William Neill, who directed nearly all of the Sherlock Holmes mystery-adventures of the 1940s that starred Basil Rathbone and Nigel Bruce, had, as was the case with directors John Ford and Preston Sturges, a repertory company of character actors and actresses whom he liked to use. This book is a tribute to those 68 men and women whose names appeared in small print below the stars, and who graced hundreds of films with their diversified performances. More often than not these films, be they star-studded spectacles or poverty row quickies, would be that much the better for their presence. "Michael A Hoey, whose father Dennis was the unforgettable Lestrade to Rathbone's Holmes, takes a different and equally interesting approach in Sherlock Holmes & the Fabulous Faces: The

Universal Pictures Repertory Company. His personal acquaintance with many of the artistes who contributed to these and other Universal productions gives his biographical sketches an unusually engaging immediacy. It's fascinating to follow the careers of actors such as Reginald Denny, Mary Gordon, Olaf Hytten and Frederick Worlock. The critical summaries of the films themselves are perceptive, pertinent and equally engrossing. Michael Hoey has given us a book that's both important and entertaining." - Newsletter of the Sherlock Holmes Society of London "How fitting that the son of Dennis Hoey, who portrayed Inspector Lestrade in the twelve Universal Sherlock Holmes films of the 1940s, should write a book paying tribute to the character actors and supporting

players who comprised the series (and studio's) informal repertory company. This is a most welcome volume." - Leonard Maltin

### **Film Analysis in English** Hurtrez

Lionel 2013-11-05 Cet ouvrage apporte aux lecteurs les outils leur permettant de mener à bien l'exercice d'analyse de séquences en anglais. Il offre à la fois une méthodologie, le vocabulaire approprié, un bagage culturel ainsi qu'une série d'exemples concrets en anglais. Il se propose d'être un outil sur lequel peut s'appuyer l'enseignant, mais il se veut également assez complet pour pouvoir être utilisé en autonomie. Il s'appuie sur les recherches récentes en études cinématographiques, qu'elles soient en langue anglaise ou française, et permet ainsi de faire le pont entre les différentes

approches, sans pour autant multiplier les références aux débats trop précis qui obscurciraient le propos. Néanmoins, des références parcourent le texte afin de donner au lecteur la possibilité d'approfondir son travail sur tel ou tel aspect du cinéma. Les exemples d'analyses portent sur des extraits de films classiques et offrent un panorama le plus juste possible du cinéma anglo-saxon. L'ensemble des exemples étant divisé en plusieurs parties historiques, elles-mêmes introduites par une présentation de la période couverte, l'ouvrage donne au lecteur un bagage culturel suffisant pour réussir cette épreuve. Il permet aux étudiants préparant le CAPES ou l'Agrégation d'anglais de se mettre à niveau pour l'analyse de films dans le cadre des concours. Il offre aux

enseignants et aux candidats des pistes pédagogiques et des activités de classe pour exploiter les extraits de films.

**Merchants of Menace** Richard Nowell 2014-04-10 Even though horror has been a key component of media output for almost a century, the genre's industrial character remains under explored and poorly understood. *Merchants of Menace: The Business of Horror Cinema* responds to a major void in film history by shedding much-needed new light on the economic dimensions of one of the world's most enduring audiovisual forms. Given horror cuts across budgetary categories, industry sectors, national film cultures, and media, *Merchants of Menace* also promises to expand understandings of the economics of cinema generally.

Covering 1930-present, this groundbreaking collection boasts fourteen original chapters from world-leading experts taking as their focus such diverse topics as early zombie pictures, post-WWII chillers, Civil Rights-Era marketing, Hollywood literary adaptations, Australian exploitation, "torture-porn" Auteurs, and twenty-first-century remakes. *The Literary Monster on Film* Abigail Burnham Bloom 2014-01-10 Many monsters in Victorian British novels were intimately connected with the protagonists, and representative of both the personal failings of a character and the failings of the society in which he or she lived. By contrast, more recent film adaptations of these novels depict the creatures as arbitrarily engaging in senseless violence, and suggest a

modern fear of the uncontrollable. This work analyzes the dichotomy through examinations of Shelley's Frankenstein, Stoker's Dracula, H. Rider Haggard's She, Stevenson's Strange Case of Dr. Jekyll and Mr. Hyde and Wells's The Island of Dr. Moreau, and consideration of the 20th century film adaptations of the works.

**Star Attractions** Tamar Jeffers McDonald 2019 During Hollywood's "classic era," from the 1920s to 1950s, roughly twenty major fan magazines were offered each month at American newsstands and abroad. These publications famously fed fan obsessions with celebrities such as Mae West and Elvis Presley. Looking at these magazines with fresh eyes and treating them as primary sources, the contributors of

this collection provide unique insights into contemporary assumptions about the relationship between fan and star, performer and viewer. In doing so, they reveal the magazines to be a huge and largely untapped resource on a wealth of subjects, including gender roles, appearance and behavior, and national identity.

*The Turn to Gruesomeness in American Horror Films, 1931-1936* Jon Towlson 2016-09-13 Critics have traditionally characterized classic horror by its use of shadow and suggestion. Yet the graphic nature of early 1930s films only came to light in the home

video/DVD era. Along with gangster movies and "sex pictures," horror films drew audiences during the Great Depression with sensational content. Exploiting a loophole in the Hays Code, which made no provision for on-screen "gruesomeness," studios produced remarkably explicit films that were recut when the Code was more rigidly enforced from 1934. This led to a modern misperception that classic horror was intended to be safe and reassuring to audiences. The author examines the 1931 to 1936 "happy ending" horror in relation to industry practices and censorship. Early works like Murders in the Rue Morgue (1932) and The Raven (1935) may be more akin to The Texas Chain Saw Massacre (1974) and Hostel (2005) than many critics believe.

**Mr. Hyde** Robert Louis Stevenson  
2015-10-15 When it was first published in 1886, Robert Louis Stevenson's, "The Strange Case of Dr. Jekyll and Mr. Hyde", was an immediate success and has remained his most popular book. Commonly associated with the now more familiar mental condition, "split personality", the term "Jekyll and Hyde" has been coined as a reference to any unpredictable personality shift. Stevenson had long been intrigued by the idea of how personalities can affect human behavior and how he could incorporate them into a story that explored the interplay of good and evil. The novella has been adapted numerous times in both theatre and film, most notably the 1941 production with Spencer Tracy, Ingrid Bergman, and

Lana Turner. The cover illustration on this book depicts Richard Mansfield, who was famous for his dual theatrical role; he is depicted here in this double exposure photograph taken for the London stage adaptation which opened in 1887, just one year after its publication.

**Double Lives: Film Composers in the Concert Hall** James Wierzbicki  
2019-02-21 Double Lives: Film Composers in the Concert Hall is a collection of fifteen essays dealing with 'iconic' film composers who, perhaps to the surprise of many fans of film music, nevertheless maintained lifelong careers as composers for the concert hall. Featured composers include Erich Wolfgang Korngold, Franz Waxman, Miklós Rózsa, Bernard Herrmann, Nino Rota, Leonard Rosenman, and Ennio Morricone. Progressing in chronological order, the chapters offer accounts of the various composers' concert-hall careers and descriptions of their concert-hall styles. Each chapter compares the composer's music for films with his or her music for the concert hall,

and speculates as to how music in one arena might have affected music in the other. For each composer discussed in the book, complete filmographies and complete works lists are included as appendices. Double Lives: Film Composers in the Concert Hall is accessible for scholars, researchers, and general readers with an interest in film music and concert music.

**The Strange Case of Dr. Jekyll and Mr. Hyde** Robert Louis Stevenson 2021-01-22 The Strange Case of Dr Jekyll and Mr Hyde is Robert Louis Stevenson's thriller allegory of a medical experiment gone wrong and dual personalities, one the essence of good, the other the essence of evil, fighting for supremacy in one man. Filled with suspense the book has had such an impact in popular culture that the expression "Jekyll and Hyde" has itself become synonymous with extremes of or inconsistent behavior.

Classic Horror Films and the Literature That Inspired Them Ron Backer 2015-05-07 Classic horror films such as Dracula, Frankenstein and The Picture of Dorian Gray are

based on famous novels. Less well known--even to avid horror fans--are the many other memorable films based on literary works. Beginning in the silent era and continuing to the present, numerous horror films found their inspiration in novels, novellas, short stories and poems, though many of these written works are long forgotten. This book examines 43 works of literature--from the famous to the obscure--that provided the basis for 62 horror films. Both the written works and the films are analyzed critically, with an emphasis on the symbiosis between the two. Background on the authors and their writings is provided. *Afi* American Film Institute 1999 A descriptive listing of the films produced during this decade is presented together with credit and

Joyce: Feminism / Post / Colonialism  
2021-11-15 James Joyce is located between, and constructed within, two worlds: the national and international, the political and cultural systems of colonialism and postcolonialism. Joyce's political project is to construct a postcolonial contra-modernity: to write the incommensurable differences of colonial, postcolonial, and gendered subjectivities, and, in doing so, to reorient the axis of power and knowledge. What Joyce dramatizes in his hybrid writing is the political and cultural remainder of imperial history or patriarchal canons: a remainder that resists assimilation into the totalizing narratives of modernity. Through this remainder - of both politics and the psyche - Joyce reveals how a minority

culture can construct political and personal agency. Joyce: Feminism / Post / Colonialism, edited by Ellen Carol Jones, bears witness to the construction of that agency, tracing the inscription of the racial and sexual other in colonial, nationalist, and postnational representations, deciphering the history of the possible. Contributors are Gregory Castle, Gerald Doherty, Enda Duffy, James Fairhall, Peter Hitchcock, Ellen Carol Jones, Ranjana Khanna, Patrick McGee, Marilyn Reizbaum, Susan de Sola Rodstein, Carol Shloss, and David Spurr.

**Ingrid** Charlotte Chandler 2012-12-11 Ingrid Bergman was one of the biggest and most glamorous stars in Hollywood. She had starred in several now-classic films: Casablanca, Spellbound, Notorious, Gaslight; and her co-stars included such icons as Humphrey Bogart, Cary Grant and

Gregory Peck. Already a movie star in her native Sweden, Ingrid Bergman became an instant sensation in Hollywood and the number one box-office star in the world. But the most dramatic event in her life took place off the screen when she made a film in Italy and began a passionate affair with her director, Roberto Rossellini. The scandal that followed left her exiled from America, ostracized from Hollywood, vilified by the press and separated from her young daughter. In the words of those who were involved, Chandler describes Bergman's life before, during and after the scandal. Among those Chandler spoke with were Alfred Hitchcock, George Cukor, Cary Grant and Greta Garbo. She also spoke with Roberto Rossellini, their twin daughters, Isabella and Isotta

Ingrid, Rossellini's son Renzo, Ingrid's daughter Pia Lindstrom and others who knew Ingrid well. This extraordinary access makes *INGRID: A PERSONAL BIOGRAPHY* the most perceptive and revealing book ever written about the charismatic Hollywood legend.

*The Spencer Tracy Handbook - Everything You Need to Know about Spencer Tracy* Emily Smith 2011

Spencer Bonaventure Tracy (April 5, 1900 - June 10, 1967) was an American theatrical and film actor, who appeared in 74 films from 1930 to

1967. In 1999, the American Film Institute ranked Tracy ninth among the Greatest Male Stars of All Time. He was nominated for nine Academy Awards for Best Actor in all, winning two. While in college, Tracy decided on acting as a career. He studied acting in New York and appeared in a number of Broadway plays, finally achieving success in the 1930 hit *The Last Mile*. Director John Ford was impressed by his performance and cast him in *Up the River* with Humphrey Bogart. Fox Film Corporation signed him to a long term contract, but after five years of mostly undistinguished films, he joined the most prestigious movie studio of the time, Metro-Goldwyn-Mayer, where his career flourished. He won back-to-back Academy Awards for *Captains Courageous* (1937) and *Boys Town*

(1938). In 1942, he co-starred with Katharine Hepburn in *Woman of the Year*. The teaming lasted for decades, both on-screen and off. They fell in love and maintained an affair that lasted for decades. (Tracy was already married and, as a Catholic, would not consider divorce.) One of the greatest of cinematic couples, they made eight more films together, ending in 1967's *Guess Who's Coming to Dinner*, which was completed shortly before his death. This book is your ultimate resource for Spencer Tracy. Here you will find the most up-to-date information, photos, and much more.
