Death Waits in the Dark Mark Edward Langley 2020-08-04 It took all of thirty seconds for two shots to bring the world of Margaret Tabaaha crashing down around her. After losing her husband in Afghanistan during the first year of Operation Enduring Freedom, her two sons were all she had left. Now they had been taken from her violently, deliberately, plunging her into a whiskey bottle and stripping away her reason for living. When Arthur Nakai receives a call from his first love, Margaret, her voice pleading for his help, it comes as he is attending a wake for one of the men he considered a brother from his days in the Marines 6th LAR Wolf Pack Battalion. Feeling a deep and responsible obligation to help her, Arthur soon finds himself involved in the multi-billion-dollar world of the oil and gas industry and coming face-to-face with an old adversary, Elias Dayton. Their paths had crossed when Arthur was a member of the Shadow Wolves, an elite tactical unit within US Customs and Border Protection. Now Dayton runs Patriot Security, a Blackwater-type firm that keeps the oil rigs, gas wells, and man camps secure from the Water Protectors, protesters pushing to stop the fracking and poisoning of Native lands. As Arthur works through the case from his end, Navajo police chief Jake Bilagody tackles it from another angle, looking into the strained relationship between the oil company and the Navajo people, all while searching for a missing Navajo man that may have become an unwilling piece on the reservation checkerboard. But when Arthur learns the identity of the boys' killer, he struggles to make sense of it. Because if the clues are right, he will be forced to make a decision that will haunt him for the rest of his life.

The Pocket Guide to Restorative Justice Pete Wallis 2007-12-15 This pocket-sized guide can be taken conveniently to meetings, interviews and visits, to be used as a quick reference point for information about the practical application of restorative justice. The book covers every stage of the process, from how a facilitator should prepare for taking on a new case, through initial contacts with victim and offender and facilitating meetings, to recording and evaluating a case. While acknowledging throughout the different possible ways of proceeding, the authors provide example prompts for steps such as writing to a victim for the first time, talking to the victim and offender ahead of their meeting, and initiating meetings. They use jargon-free language and provide helpful task checklists for speed and ease of reference. This is an invaluable companion for youth offending team workers, probation officers, prison staff, police, referral order volunteers, mediators and any professional needing to know about restorative justice.

Business Schools and their Contribution to Society Mette Morsing 2011-10-18 Business schools are arguably some of the most influential institutions in contemporary society. The research and education they provide set the standard for how future leaders manage local and global organizations - a responsibility requiring continual discussion, development and challenge. This exciting book explores the role of business schools through 3 key dimensions: - How business school legitimacy has been challenged by the recent economic crisis and corporate scandals; - How schools contribute to shaping and transforming business conduct; and - How institutions, past and present, develop their identities to face the challenges presented by the ongoing globalization process. Combining global perspectives from business school Deans, scholars and stakeholders, this book presents a unique discussion of the current and future challenges facing business schools and their contributions to society.

The Only Guide to Alternative Investments You'll Ever Need Larry E. Swedroe 2010-05-13 The rewards of carefully chosen alternative investments can be great. But many investors don't know enough about unfamiliar investments to make wise choices. For that reason, financial advisers Larry Swedroe and Jared Kizer designed this book to bring investors up to speed on the twenty most popular alternative investments: Real estate, Inflation-protected securities, Commodities, International equities, Fixed annuities, Stable-value funds, High-yield (junk) bonds, Private equity (venture capital), Covered calls, Socially responsible mutual funds, Precious metals equities, Preferred stocks, Convertible bonds,

Emerging market bonds, Hedge funds, Leveraged buyouts, Variable annuities, Equity-indexed annuities, Structured investment products, Leveraged funds The authors describe how the investments work, the pros and cons of each, which to consider, which to avoid, and how to get started. Swedroe and Kizer evaluate each investment in terms of: Expected returns Volatility Distribution of returns Diversification potential Fees Trading and operating expenses Liquidity Tax efficiency Account location Role in an asset-allocation program Any investor who is considering or just curious about investment opportunities outside the traditional world of stocks, bonds, and bank certificates of deposit would be well-advised to read this book.

The Penguin Anthology of Classical Arabic Literature Robert Irwin 2006-05-25 Spanning the fifth century to the sixteenth, and ranging from Afghanistan to Spain, this unique collection provides a profound insight into the sheer vitality and depth of Classical Arabic literature. From the earliest surviving fragments of The Thousand and One Nights to the elegant beauty and profound power of the Qur'an - believed by the Islamic faith to contain the actual words of Allah - it includes translated extracts from all the major works of the period, alongside many less well-known but equally fascinating pieces. Exploring such traditional themes as lovesick yearning and fated doom, and considering subjects as diverse as the etiquette of falling in love with slave-girls and the terrors of the sea, this compelling anthology of poetry and prose brilliantly illuminates a body of writing that has been unjustly neglected by the west for centuries.

The Psychobiology of Trauma and Resilience Across the Lifespan Douglas L. Delahanty 2008-09-05 Research has suggested that childhood experiences confer risk/resilience for reactions to trauma in adulthood, and predictors and correlates of posttraumatic stress disorder (PTSD) appear to differ developmentally. Research in PTSD has typically been conducted by either child or adult researchers with relatively little overlap or communication between the two camps. Developmental models of PTSD are necessary to fully understand the complex constellation of responses to trauma across the lifespan. Such models can inform study designs and lead to novel, developmentally-appropriate interventions. To this end, this book is organized in such a way as to present and integrate research into child, adult, and older adult trauma samples in an attempt to culminate in a testable model of PTSD risk and resilience across the lifespan. Each author incorporates a developmental slant to their individual chapter, and the chapters are organized to highlight potential differences in our understanding of risk and resiliency between children and adults. Initial chapters concerning pre- and peri-traumatic risk factors for PTSD lead into chapters reviewing specific risk and resilience factors in adults and children. Additional chapters focus on the impact of childhood trauma on adult functioning and the biology of PTSD in children, adults, and older adults. As PTSD rarely occurs in a "pure" form, specific chapters focus on the impact of comorbid disorders in our understanding of PTSD, and the final chapters consider both psychosocial and pharmacological treatments for PTSD in children and adults.

Cognitive Ecologies and the History of Remembering E. Tribble 2011-04-05 This book unites research in philosophy and cognitive science with cultural history to re-examine memory in early modern religious practices. Offering an ecological approach to memory and culture, it argues that models derived from Extended Mind and Distributed Cognition

can bridge the gap between individual and social models of memory.

The Autumn of the Ace Louis De Bernieres 2021-08-24 Louis de Bernières is the master of historical fiction that makes you both laugh and cry, in the perfect nostalgic read to escape with this autumn. Is it ever too late to change your story? Daniel Pitt was an RAF fighter in the First World War and an espionage agent for the SOE in the Second. Now the conflicts he faces are closer to home. Daniel's marriage has fractured beyond repair and Daniel's relationship with his son, Bertie, has been a failure since Bertie was a small boy. But after his brother Archie's death, Daniel is keen for new perspectives. He first travels to Peshawar to bury Archie in the place he loved best, and then finds himself in Canada, avoiding his family and friends back in England. But some bonds are hard to break. Daniel and Bertie's different experiences of war, although devastating, also bring with them the opportunity for the two to reconnect. If only they can find a way to move on from the past. 'De Bernieres is a singular, cherishable voice.' Mail on Sunday

To My Arrogant Boss J. S. Cooper 2021-01-01 To Mr. Tate Howard, You are quite possibly the most infuriating, annoying and grumpy man I've ever met in my life. I know you think that you're God's gift to women, but I have a secret to let you in on: you're not. You're God's gift to yourself. Get over your wanna-be cool surfer self and grow up. I thought it was time that someone addressed your big head and told you straight to your face that you're not all that. Just because you have an Ivy league education doesn't mean you're the smartest man in the world. In fact, I'm not even sure if you would have gotten in if you didn't have rich parents. Yes, I went there. Every woman doesn't want to sleep with you and I'm sure you're not even good in bed. And I'm someone that would know. From, Your Secret Not Admirer

The University and Urban Revival Judith Rodin 2015-12-04 In the last quarter of the twentieth century, urban colleges and universities found themselves enveloped by the poverty, crime, and physical decline that afflicted American cities. Some institutions turned inward, trying to insulate themselves rather than address the problems in their own backyards. Others attempted to develop better community relations, though changes were hard to sustain. Spurred by an unprecedented crime wave in 1996, University of Pennsylvania President Judith Rodin knew that the time for urgent action had arrived, and she set a new course of proactive community engagement for her university. Her dedication to the revitalization of West Philadelphia was guided by her role not only as president but also as a woman and a mother with a deep affection for her hometown. The goal was to build capacity back into a severely distressed inner-city neighborhood—educational capacity, retail capacity, quality-of-life capacity, and especially economic capacity—guided by the belief that "town and gown" could unite as one richly diverse community. Cities rely on their academic institutions as stable places of employment, cultural centers, civic partners, and concentrated populations of consumers for local business and services. And a competitive university demands a vibrant neighborhood to meet the needs of its faculty, staff, and students. In keeping with their mission, urban universities are uniquely positioned to lead their communities in revitalization efforts, yet this effort requires resolute persistence. During Rodin's administration (1994-2004), the *Chronicle of Higher Education* referred to Penn's progress as a "national model of constructive town-gown interaction and partnership." This book narrates the challenges, frustrations, and successes of Penn's campaign, and its prospects for long-term change.

Whisper Writing Melissa M. Jones 2004 Three teenage girls share their stories about life as students, as young women with disabilities, and as minorities in a male-dominated special education school culture.

Warmed and Bound Pela Via 2011-07-01 From the heart of The Velvet a writing community built around the fervent love of neo-noir fiction comes an original anthology. Stacked with brilliant emerging writers alongside some of the strongest established voices in contemporary literature, *WARMED AND BOUND* crosses literary boundaries on all sides, to deliver an altogether unique reading experience. Through seemingly opposed conventions, beautiful prose makes a hard impression on the short story form. From a scary love story to a nostalgic thriller, a hardboiled pursuit of salvation to the black humor that is existentialism, *WARMED AND BOUND* is rogue humility and lovesick noir, where humanity is a dirty puzzle. It 's Velvet Noir. Welcome. I Used to Have a Plan Alessandra Olanow 2021-02-02 Balm for the soul—Alessandra Olanow offers advice, inspiration, and encouragement for anyone who needs a shoulder to lean on during a difficult time. "I Know This Too Shall Pass. (But It Would Be Helpful to Know When)." After a series of events left her a divorced single mother questioning herself, her relationships, and basically, everything she thought was true about her "picture-perfect" life, Alessandra Olanow began drawing and posting illustrations on Instagram that reflected her feelings and struggles to right her life. She chronicled her journey of healing, expressing the shock, delusion, denial, self-pity, and self-doubt she experienced and the self-empathy and forgiveness that ultimately helped her regain a sense of self—but stronger, more fearless, and more hopeful than before. Her charming illustrations and keen, memorable observations—struck a chord. Within a year, her audience grew dramatically, from 9,500 to 157,000 followers, including celebrities Katie Couric, Jennifer Garner, Elise Loehnen (chief content officer at Goop), the poet Joao Doederlein, and Joanna Goddard (founder of A Cup of Jo). *I Used to Have a Plan* brings Olanow's soothing sensibility to a wider audience, featuring new drawings and ideas that touch upon the universal experiences of unexpected change and loss. Divided into five parts—"I Didn't See That Coming," "It's OK That You're Not OK," "Where'd I Go," "The Only Way Out Is Through," and "I Like It Here, Can I Stay a While?"—the book beautifully encapsulates the experience of encountering difficulty, processing it and healing from it, and becoming stronger and with a better sense of self. Full of advice, commiseration, empathy, and wit that is comforting, helpful, direct, and remarkable in its truth, *I Used to Have a Plan* helps everyone through the painful yet ultimately uplifting process of healing. *I Used to Have a Plan* includes 75-100 illustrations.

Why Samantha Kleinberg 2015-11-16 Can drinking coffee help people live longer? What makes a stock's price go up? Why did you get the flu? Causal questions like these arise on a regular basis, but most people likely have not thought deeply about how to answer them. This book helps you think about causality in a structured way: What is a cause, what are causes good for, and what is compelling evidence of causality? Author Samantha Kleinberg shows you how to develop a set of tools for thinking more critically about causes. You'll learn how to question claims, identify causes, make decisions based on causal information, and verify causes through further tests. Whether it's figuring out what data you need, or understanding that the way you collect and prepare data affects the conclusions you can draw from it, *Why* will help you sharpen your causal inference skills.
