Phonics for Pupils with Special Educational Needs Book 1: Building Basics Ann Sullivan 2018-10-12 Phonics for Pupils with Special Educational Needs is a complete, structured, multisensory programme for teaching reading and spelling, making it fun and accessible for all. This fantastic seven-part resource offers a refreshingly simple approach to the teaching of phonics, alongside activities to develop auditory and visual perceptual skills. Specifically designed to meet the needs of pupils of any age with special educational needs, the books break down phonics into manageable core elements and provide a huge wealth of resources to support teachers in teaching reading and spelling. Book 1: Building Basics introduces basic sounds and explores their relationship with letters. It focuses on sounds and letters where there is a simple 1:1 correspondence between the two, and explores the sounds in simple words that follow the pattern of vowel-consonant or consonant-vowel-consonant. Sounds are grouped into seven sets, with each set containing more than 50 engaging activities, including: sound story, dynamic blending, reading race, spot the word and spelling challenge. Thorough guidance is provided on how to deliver each activity, as well as a lesson planner template, handy word lists and posters for teachers and teaching assistants to use to support learning. Each book in the series gradually builds on

children's understanding of sounds and letters and provides scaffolded support for children to learn about every sound in the English language. Offering tried and tested material which can be photocopied for each use, this is an invaluable resource to simplify phonics teaching for teachers and teaching assistants and provide fun new ways of learning phonics for all children. This book is accompanied by a companion resource, 'Phonics for Pupils with Complex SEND', to be used alongside the Phonics for Pupils with Special Educational Needs programme. The activities from Books 1-6 of the programme are adapted to be accessible for non-verbal pupils, including AAC users, and those with physical disabilities.

Living Phonics Jennifer J. I. Warland 2005-04-01
A handbook for teaching the first stage of phonics. The Living Phonics Handbook, Blue Steps contains 44 lesson plans covering the alphabet and key digraphs. The lessons are all laid out and ready to use, with easy to follow lesson support including accompanying photocopiable worksheet. It uses the Living Phonics method, which has proven successful with children of all levels. The Living Phonics method of teaching phonics uses one Linking Object for each letter (e.g. a 'curly cat' for 'c') to teach all the elements children need to learn - including the letter shape (grapheme), letter sound (phoneme) and how it is written (using cursive writing). It is a very physical and interactive approach and making it exciting and memorable for children. Living Phonics has proved a success with children of all levels, including those children who previously had difficulty connecting the letter sounds with the written letters. There is a high level of supporting materials available and the quality of the graphics and the supporting materials makes it a very good option for teachers, either as a complete phonics programme or as additional resources for any phonics teaching. Handbooks for CVC words and Consonants and for Long Vowels and Polysyllabic Words will be available in 2005.
