Kiyo Sato Connie Goldsmith 2020-09-01 "Our camp, they tell us, is now to be called a 'relocation center' and not a 'concentration camp.' We are internees, not prisoners. Here's the truth: I am now a non-alien, stripped

of my constitutional rights. I am a prisoner in a concentration camp in my own country. I sleep on a canvas cot under which is a suitcase with my life's belongings: a change of clothes, underwear, a notebook and pencil. Why?"□Kiyo Sato In 1941 Kiyo Sato and her eight younger siblings lived with their parents on a small farm near Sacramento, California, where they grew strawberries, nuts, and other crops. Kiyo had started college the year before when she was eighteen, and her eldest brother, Seiji, would soon join the US Army. The younger children attended school and worked on the farm after class and on Saturday. On Sunday, they went to church. The Satos were an ordinary American family. Until they weren't. On December 7, 1941, Japan bombed the US naval base at Pearl Harbor, Hawaii. The next day, US president Franklin Roosevelt declared war on Japan and the United States officially entered World War II. Soon after, in February and March 1942, Roosevelt signed two executive orders which paved the way for the military to round up all Japanese Americans living on the West Coast and incarcerate them in isolated internment camps for the duration of the war. Kiyo and her family were among the nearly 120,000 internees. In this moving account,

Sato and Goldsmith tell the story of the internment years, describing why the internment happened and how it impacted Kiyoko and her family. They also discuss the ways in which Kiyoko has used her experience to educate other Americans about their history, to promote inclusion, and to fight against similar injustices. Hers is a powerful, relevant, and inspiring story to tell on the 75th anniversary of the end of World War II.

Unbroken (The Young Adult Adaptation) Laura Hillenbrand 2014-11-11 In this captivating and lavishly illustrated young adult edition of her award-winning #1 New York Times bestseller, Laura Hillenbrand tells the story of a former Olympian's courage, cunning, and fortitude following his plane crash in enemy territory. This adaptation of *Unbroken* introduces a new generation to one of history's most thrilling survival epics. On a May afternoon in 1943, an American military plane crashed into the Pacific Ocean and disappeared, leaving only a spray of debris and a slick of oil, gasoline, and blood. Then, on the ocean surface, a face appeared. It was that of a young lieutenant, the plane's bombardier, who was struggling to a life raft and pulling himself aboard. So began one of the most extraordinary sagas of the Second World War. The lieutenant's name was Louis Zamperini. As a boy, he had been a clever delinquent, breaking into houses, brawling, and stealing. As a teenager, he had channeled his defiance into running, discovering a supreme talent that carried him to the Berlin Olympics. But when war came, the athlete became an airman, embarking on a journey that led to his doomed flight, a tiny raft, and a drift into the unknown. Ahead of Zamperini lay thousands of miles of open ocean, leaping sharks, a sinking raft, thirst

and starvation, enemy aircraft, and, beyond, a trial even greater. Driven to the limits of endurance, Zamperini would respond to desperation with ingenuity, suffering with hope and humor, brutality with rebellion. His fate, whether triumph or tragedy, would hang on the fraying wire of his will. Featuring more than one hundred photographs plus an exclusive interview with Zamperini, this breathtaking odyssey—also captured on film by director Angelina Jolie—is a testament to the strength of the human spirit and the ability to endure against the unlikeliest of odds. Praise for *Unbroken* "This adaptation of Hillenbrand's adult bestseller is highly dramatic and exciting, as well as painful to read as it lays bare man's hellish inhumanity to man."—Booklist, STARRED "This captivating book emphasizes the importance of determination, the will to survive against impossible odds, and support from family and friends. Rehabilitation of Sports Injuries Walter R. Frontera 2008-04-15 Rehabilitation is, by definition, the restoration of optimal form and function for an athlete. In this edition in the *Encyclopedia* series, the editor and contributors advocate that rehabilitation should begin as soon as possible after the injury occurs, alongside therapeutic measures such as anti-inflammatories and other pain killing agents. This might also begin before, or immediately after, surgery. The rehabilitative process is therefore managed by a multi-disciplinary team, including physicians, physiotherapists, psychologists, nutritionists, and athletic trainers,

amongst others. This book considers the three phases of rehabilitation: pain relief, protection of the affected area and limitation of tissue damage; limitation of impairment and recovery of flexibility, strength, endurance, balance and co-ordination; and finally the start of conditioning to return to training and competition.

No Better Friend One Man One Dog and Their Incredible Story of Courage and Survival I Robert Weintraub 2015-06-04 An extraordinary tale of the remarkable bond between one man and his dog during the Second World War. The two friends huddled close together, each of them the other's saving grace in a world gone to hell . . . There was nothing terribly unusual about POWs suffering horribly at the hands of their Japanese captors. All across the Pacific theatre, Allied captives were experiencing similar punishment. But there was one thing unusual about this particular duo of prisoners. One of them was a dog. Flight technician Frank Williams and Judy, a purebred pointer, met in the most unlikely of places: a World War II internment camp. Judy was a fiercely loyal dog, with a keen sense for who was friend and who was foe, and the pair's relationship deepened throughout their captivity. When the prisoners suffered beatings, Judy would repeatedly risk her life to intervene. She survived bombings and other near-death experiences and became a beacon not only for Frank but for all the men, who saw in her survival a flicker of hope for their own. Using a wealth of new material including interviews with those who knew Frank and Judy, letters and firsthand accounts, Robert Weintraub expertly weaves a narrative of an unbreakable bond forged in the worst circumstances. Judy's devotion to the men she was interned with, including a host of characters from all around the world, from Australia to the UK, was so powerful that reports indicate she might have been the only dog spared in these camps - and their care for her helped keep them alive. At one point, deep in despair and starvation, Frank contemplated killing himself and the dog to prevent either from watching the other die. But both were rescued, and

Judy spent the rest of her life with Frank. She became the war's only official canine POW, and after she died at the age of fourteen, Frank couldn't bring himself to ever have another dog. Their story of friendship and survival is one of the great sagas of World War II.

No Barriers Erik Weihenmayer 2017-02-07 2018 Colorado Book Awards finalist in Creative Nonfiction, and National Bestseller and Honorable Mention Award Winner in the Outdoor Literature category of the 2017 National Outdoor Book Awards (NOBA) — “A beautiful book about family and finding a way to achieve more than you ever thought possible.” —Brad Meltzer, NYT bestselling author Erik Weihenmayer is the first and only blind person to summit Mount Everest, the highest point on Earth. Descending carefully, he and his team picked their way across deep crevasses and through the deadly Khumbu Icefall; when the mountain was finally behind him, Erik knew he was going to live. His expedition leader slapped him on the back and said something that would affect the course of Erik's life: “Don't make Everest the greatest thing you ever do.” No Barriers is Erik's response to that challenge. It is the moving story of his journey since descending Mount Everest: from leading expeditions around the world with blind Tibetan teenagers to helping injured soldiers climb their way home from war, from adopting a son from Nepal to facing the most terrifying reach of his life: to solo kayak the thunderous whitewater of the Grand Canyon. Along the course of Erik's journey, he meets other trailblazers—adventurers, scientists, artists, and activists—who, despite trauma, hardship, and loss, have broken through barriers of their own. These pioneers show Erik surprising ways forward that surpass logic and defy traditional thinking. Like the rapids of the Grand Canyon, created by inexorable forces far beneath the surface, No Barriers is a dive into the heart and mind at the core of the turbulent human experience. It is an exploration of the light that burns in all of us, the obstacles that threaten to extinguish that light, and the treacherous ascent towards growth and rebirth.

Whose Waves These Are Amanda Dykes 2019-04-30 In the wake of WWII, a grieving fisherman submits a poem to a local newspaper: a rallying cry for hope, purpose . . . and rocks. Send me a rock for the person you lost, and I will build something life-giving. When the poem spreads farther than he ever intended, Robert Bliss's humble words change the tide of a nation. Boxes of rocks inundate the tiny, coastal Maine town, and he sets his calloused hands to work, but the building halts when tragedy strikes. Decades later, Annie Bliss is summoned back to Ansel-by-the-Sea when she learns her Great-Uncle Robert, the man who became her refuge during the hardest summer of her youth, is now the one in need of help. What she didn't anticipate was finding a wall of heavy boxes hiding in his home. Long-ago memories of stone ruins on a nearby island trigger her curiosity, igniting a fire in her anthropologist soul to uncover answers. She joins forces with the handsome and mysterious harbor postman, and all her hopes of mending the decades-old chasm in her family seem to point back to the ruins. But with Robert failing fast, her search for answers battles against time, a foe as relentless as the ever-crashing waves upon the sea.

Seabiscuit Laura Hillenbrand 2003-07-01 #1 NEW YORK TIMES BESTSELLER • From the author of the runaway phenomenon *Unbroken* comes a universal underdog story about the horse who came out of nowhere to become a legend. Seabiscuit was one of the most electrifying and popular attractions in sports history and the single biggest newsmaker in the world in 1938, receiving more coverage than FDR, Hitler, or Mussolini. But his success was a surprise to the racing establishment, which had written off the crooked-legged racehorse with the sad tail. Three men changed Seabiscuit's fortunes: Charles Howard

was a onetime bicycle repairman who introduced the automobile to the western United States and became an overnight millionaire. When he needed a trainer for his new racehorses, he hired Tom Smith, a mysterious mustang breaker from the Colorado plains. Smith urged Howard to buy Seabiscuit for a bargain-basement price, then hired as his jockey Red Pollard, a failed boxer who was blind in one eye, half-crippled, and prone to quoting passages from Ralph Waldo Emerson. Over four years, these unlikely partners survived a phenomenal run of bad fortune, conspiracy, and severe injury to transform Seabiscuit from a neurotic, pathologically indolent also-ran into an American sports icon. **BONUS:** This edition contains a Seabiscuit discussion guide and an excerpt from *Unbroken*. Praise for Seabiscuit "Fascinating . . . Vivid . . . A first-rate piece of storytelling, leaving us not only with a vivid portrait of a horse but a fascinating slice of American history as well."—The New York Times "Engrossing . . . Fast-moving . . . More than just a horse's tale, because the humans who owned, trained, and rode Seabiscuit are equally fascinating. . . . [Laura Hillenbrand] shows an extraordinary talent for describing a horse race so vividly that the reader feels like the rider."—Sports Illustrated "REMARKABLE . . . MEMORABLE . . . JUST AS COMPELLING TODAY AS IT WAS IN 1938."—The Washington Post [The Boys in the Boat](#) Daniel James Brown 2013-06-04 The #1 New York Times bestselling story about the American Olympic rowing triumph in Nazi Germany—from the author of *Facing the Mountain*. For readers of *Unbroken*, out of the depths of the Depression comes an irresistible story about beating the odds and finding hope in the most desperate of times—the improbable, intimate account of how nine working-class boys from the American West showed the world at the 1936 Olympics in Berlin what true grit really meant. It was an unlikely quest from the start. With a team composed of the sons of loggers, shipyard workers, and farmers, the University of Washington's eight-oar crew team was never expected to defeat the elite teams of the East Coast and Great Britain, yet they did, going on to shock the world by defeating the German team rowing for Adolf Hitler. The emotional heart of the tale lies with Joe Rantz, a teenager without family or prospects, who rows not

only to regain his shattered self-regard but also to find a real place for himself in the world. Drawing on the boys' own journals and vivid memories of a once-in-a-lifetime shared dream, Brown has created an unforgettable portrait of an era, a celebration of a remarkable achievement, and a chronicle of one extraordinary young man's personal quest.

Devil at My Heels Louis Zamperini 2004-02-03 The "inspirational" and "extraordinary" memoir of one of the most courageous of the greatest generation, Louis Zamperini: Olympian, WWII Japanese POW and survivor. A juvenile delinquent, a world class NCAA miler, a 1936 Olympian, a WWII bombardier: Louis Zamperini had a fuller than most, when it changed in an instant. On May 27, 1943, his B-24 crashed into the Pacific Ocean. Louis and two other survivors found a raft amid the flaming wreckage and waited for rescue. Instead, they drifted two thousand miles for forty-seven days. Their only food: two shark livers and three raw albatross. Their only water: sporadic rainfall. Their only companions: hope and faith—and the ever-present sharks. On the forty-seventh day, mere skeletons close to death, Zamperini and pilot Russell Phillips spotted land—and were captured by the Japanese. Thus began more than two years of torture and humiliation as a prisoner of war. Zamperini was threatened with beheading, subject to medical experiments, routinely beaten, hidden in a secret interrogation facility, starved and forced into slave labour, and was the constant victim of a brutal prison guard nicknamed the Bird—a man so vicious that the other guards feared him and called him a psychopath. Meanwhile, the Army Air Corps declared Zamperini dead and President Roosevelt sends official condolences to his family, who never gave up hope that he was alive. Somehow, Zamperini survived and he returned home a hero. The celebration was short-lived. He plunged into drinking and brawling and the depths of rage and despair. Nightly, the Bird's face leered at him in his dreams. It would take years, but with the love of his wife and the power of faith, he was able to stop the nightmares and the drinking. A stirring memoir from one of the greatest of the "Greatest Generation," **DEVIL AT MY HEELS** is a living document about the brutality of war, the

tenacity of the human spirit, and the power of forgiveness.

Striking Back Aaron J. Klein 2007-01-09 The first full account, based on access to key players who have never before spoken, of the Munich Massacre and the Israeli response—a lethal, top secret, thirty-year-long antiterrorism campaign to track down the killers. 1972. The Munich Olympics. Palestinian members of the Black September group murder eleven Israeli athletes. Nine hundred million people watch the crisis unfold on television, witnessing a tragedy that inaugurates the modern age of terror and remains a scar on the collective conscience of the world. Back in Israel, Prime Minister Golda Meir vows to track down those responsible and, in Menachem Begin’s words, “run these criminals and murderers off the face of the earth.” A secret Mossad unit, code named Caesarea, is mobilized, a list of targets drawn up. Thus begins the Israeli response—a mission that unfolds not over months but over decades. The Mossad has never spoken about this operation. No one has known the real story. Until now. Award-winning journalist Aaron Klein’s incisive and riveting account tells for the first time the full story of Munich and the Israeli counterterrorism operation it spawned. With unprecedented access to Mossad agents and an unparalleled knowledge of Israeli intelligence, Klein peels back the layers of myth and misinformation that have permeated previous books, films, and magazine articles about the “shadow war” against Black September and other terrorist groups. Spycraft, secret diplomacy, and fierce detective work abound in a story with more drama than any fictional thriller. Burning questions are at last answered, including who was killed and who was not, how it was done, which targets were hit and which were missed. Truths are revealed: the degree to which the Mossad targeted nonaffiliated Black September terrorists for assassination, the length and full scope of the operation (far greater than previously suspected), retributive acts against Israel, and much more. Finally, Klein shows that the Israeli response to Munich was not simply about revenge, as is popularly believed. By illuminating the tactical and strategic purposes of the Israeli operation, *Striking Back* allows us to draw profoundly relevant lessons from one of the most important counterterrorism campaigns in

history.

Games of Deception Andrew Maraniss 2019-11-05 *"Rivaling the nonfiction works of Steve Sheinkin and Daniel James Brown's *The Boys in the Boat*...Even readers who don't appreciate sports will find this story a page-turner." --School Library Connection, starred review *"A must for all library collections." --Booklist, starred review Winner of the 2020 AJL Sydney Taylor Honor! From the New York Times bestselling author of *Strong Inside* comes the remarkable true story of the birth of Olympic basketball at the 1936 Summer Games in Hitler's Germany. Perfect for fans of *The Boys in the Boat* and *Unbroken*. On a scorching hot day in July 1936, thousands of people cheered as the U.S. Olympic teams boarded the S.S. *Manhattan*, bound for Berlin. Among the athletes were the 14 players representing the first-ever U.S. Olympic basketball team. As thousands of supporters waved American flags on the docks, it was easy to miss the one courageous man holding a BOYCOTT NAZI GERMANY sign. But it was too late for a boycott now; the ship had already left the harbor. 1936 was a turbulent time in world history. Adolf Hitler had gained power in Germany three years earlier. Jewish people and political opponents of the Nazis were the targets of vicious mistreatment, yet were unaware of the horrors that awaited them in the coming years. But the Olympians on board the S.S. *Manhattan* and other international visitors wouldn't see any signs of trouble in Berlin. Streets were swept, storefronts were painted, and every German citizen greeted them with a smile. Like a movie set, it was all just a facade, meant to distract from the terrible things happening behind the scenes. This is the incredible true story of basketball, from its invention by James Naismith

in Springfield, Massachusetts, in 1891, to the sport's Olympic debut in Berlin and the eclectic mix of people, events and propaganda on both sides of the Atlantic that made it all possible. Includes photos throughout, a Who's-Who of the 1936 Olympics, bibliography, and index. Praise for *Games of Deception*: A 2020 ALA Notable Children's Book! A 2020 CBC Notable Social Studies Book! "Maraniss does a great job of blending basketball action with the horror of Hitler's Berlin to bring this fascinating, frightening, you-can't-make-this-stuff-up moment in history to life." --Steve Sheinkin, New York Times bestselling author of *Bomb and Undefeated* "I was blown away by *Games of Deception*....It's a fascinating, fast-paced, well-reasoned, and well-written account of the hidden-in-plain-sight horrors and atrocities that underpinned sports, politics, and propaganda in the United States and Germany. This is an important read." --Susan Campbell Bartoletti, Newbery Honor winning author of *Hitler Youth* "A richly reported and stylishly told reminder how, when you scratch at a sports story, the real world often lurks just beneath." --Alexander Wolff, New York Times bestselling author of *The Audacity of Hoop: Basketball and the Age of Obama* "An insightful, gripping account of basketball and bias." --Kirkus Reviews "An exciting and overlooked slice of history." --School Library Journal

As a child, Ta-Nehisi Coates was seen by his father, Paul, as too sensitive and lacking focus. Paul Coates was a Vietnam vet who'd been part of the Black Panthers and was dedicated to reading and publishing the history of African civilization. When it came to his sons, he was committed to raising proud Black men equipped to deal with a racist society, during a turbulent period in the collapsing city of Baltimore where they lived. Coates details with candor the challenges of dealing with his tough-love father, the influence of his mother, and the dynamics of his extended family, including his brother "Big Bill," who was on a very different path

than Ta-Nehisi. Coates also tells of his struggles at school and with girls, making this a timely story to which many readers will relate.

The Stars and the Blackness Between Them Junauda Petrus 2019-09-17 A Coretta Scott King Honor Book Told in two distinct and irresistible voices, Junauda Petrus's bold and lyrical debut is the story of two black girls from very different backgrounds finding love and happiness in a world that seems determined to deny them both. Port of Spain, Trinidad. Sixteen-year-old Audre is despondent, having just found out she's going to be sent to live in America with her father because her strictly religious mother caught her with her secret girlfriend, the pastor's daughter. Audre's grandmother Queenie (a former dancer who drives a white convertible Cadillac and who has a few secrets of her own) tries to reassure her granddaughter that she won't lose her roots, not even in some place called Minneapolis. "America have dey spirits too, believe me," she tells Audre. Minneapolis, USA. Sixteen-year-old Mabel is lying on her bed, staring at the ceiling and trying to figure out why she feels the way she feels--about her ex Terrell, about her girl Jada and that moment they had in the woods, and about the vague feeling of illness that's plagued her all summer. Mabel's reverie is cut short when her father announces that his best friend and his just-arrived-from-Trinidad daughter are coming for dinner. Mabel quickly falls hard for Audre and is determined to take care of her as she tries to navigate an American high school. But their romance takes a turn when test results reveal exactly

why Mabel has been feeling low-key sick all summer and suddenly it's Audre who is caring for Mabel as she faces a deeply uncertain future. Junauda Petrus's debut brilliantly captures the distinctly lush and lyrical voices of Mabel and Audre as they conjure a love that is stronger than hatred, prison, and death and as vast as the blackness between the stars. *Unbroken* Laura Hillenbrand 2017-04-25 Louis Zamperini, a clever young delinquent turned Olympic runner, became an airman when the war came. The Boys Who Challenged Hitler Phillip Hoose 2015-05-12 At the outset of World War II, Denmark did not resist German occupation. Deeply ashamed of his nation's leaders, fifteen-year-old Knud Pedersen resolved with his brother and a handful of schoolmates to take action against the Nazis if the adults would not. Naming their secret club after the fiery British leader, the young patriots in the Churchill Club committed countless acts of sabotage, infuriating the Germans, who eventually had the boys tracked down and arrested. But their efforts were not in vain: the boys' exploits and eventual imprisonment helped spark a full-blown Danish resistance. Interweaving his own narrative with the recollections of Knud himself, here is Phillip Hoose's inspiring story of these young war heroes. This thoroughly-researched and documented book can be worked into multiple aspects of the common core curriculum.
